

2027 SCOL WEST TRIP

Isn't it GRAND? And YES, you are worth it!!

Tuesday, February 2 to Tuesday, February 9, 2027

Sun Peaks Resort

Canada's Second Largest Ski area, located in the heart of British Columbia

From exhilarating snow sports to cozy village vibes, Sun Peaks offers a complete alpine adventure. Explore the slopes, savour local eats, shop unique boutiques and discover off-slope activities for all ages.

Spread across three interconnected mountains: Tod, Sundance and Morrisey, the resort offers more than 1,500 hectares of terrain that's easy to explore right from the village. Tod Mountain is the beating heart of Sun Peaks. It's where you'll find wide-open groomers that flow for miles, including 5-Mile Run, popular for first-timers who want to see the full scale of the resort in one descent. For advanced skiers, the upper sections of Tod deliver steep chutes and open bowls that hold fresh snow days after a storm.

Just next door, Sundance Mountain shines for beginners and intermediates. Its gentle slopes and consistent fall lines make it a good training ground for new skiers, families or anyone looking to build confidence. Sundance is also home to the Terrain Park, where local riders throw down tricks and Tube Time Park, a family favorite.

Across the valley, Morrisey Mountain feels like a secret locals' escape. Its tree-lined trails, mellow glades and quiet lifts make it ideal for those powder-day mornings when you're chasing untouched snow. The views back toward the village and Tod's summit are stunning, especially at sunrise or golden hour.

The best part? You can ski all three mountains without ever getting in a car. Every run funnels naturally back to the pedestrian village, so you can grab a quick coffee, warm up by a fire pit or head straight to après. Whether you're here for long carving laps, deep powder lines or easy family days, Sun Peaks' layout makes it simple to find your flow and fall in love with mountain life.

The Grand is a 4-star property has a convenient ski-in/ski-out location in the heart of the village. Guests can enjoy all the full services such as Mantles Restaurant and Lounge, Pub, room service, ski valet and Business Centre. Enjoy exclusive use of the health club with an indoor entrance to a heated outdoor pool, 3 hot tubs, well equipped gym, steam room and sauna. The spacious guestrooms are luxuriously appointed. All rooms have a hair dryer, mini fridge, high speed internet, coffee maker, kettle, iron & ironing board.
